Proposed Change to CBL language

- "A. When both open and youth shows...
- B. Points earned in...
- C. Youth members will have the choice...

[Add new main subpoint "D"]

D. A member is considered to be a Youth until their 19th birthday. During this transition year the youth can keep points in both open and youth or they can have all points transfer to open. The youth member must notify the ATRSC Secretary and Sweepstakes Chairperson by July 1 of their transitional year concerning the designation of splitting youth and open points or all points in open.

Rationale/reason for the proposed change

We currently have no written policy regarding this issue. The purpose is to clearly define the definition of youth and their sweepstakes status during the course of their transitional year. If the youth age up in the middle of the sweepstakes year, they are definitely at a disadvantage in terms of placement in either youth or open sweepstakes, as they will only have a partial year from which to accumulate

points. This gives the choice to the youth exhibitor in case they want the full year to count as Open. Based on ARBA rules, we cannot offer the reverse to count all points as youth for the entire year as an Open member cannot be awarded youth points for an Open show.
